

DMB/TEM

23rd September 2014

Dear Parent/Carer

As a strategy for students to be able to engage in their academic studies outside of the classroom and to enable parents/carers to support their child at home, students will be setting up online accounts on Edmodo.

www.edmodo.com is an online platform where students can access revision aids, class notes, submit homework and take part in discussions with their teachers. The platform will be used to communicate with the students and yourselves, sharing additional ideas and making use of all resources we can provide.

The website can be accessed on computers, laptops, smart phones and tablets so is easily accessible. It is also free of charge and completely safe. Students will require a code to join a group, with this code only being provided to members of the class.

Parents can also login to this website and access all material the students' access in order to support them from home. If you would like to be able to login, please email postbox@etonecollege.co.uk and this can be arranged. It would be greatly appreciated if you could support your son/daughter with their studies, and for you I feel this is the most effective and easiest way of doing this.

Students will be setting up accounts in tutor time week commencing 6th October 2014.

If you do not wish your son or daughter to be part of this exciting initiative then please do not hesitate to contact Mr Jones.

Yours sincerely

Dame Maureen Brennan
Executive Headteacher

Mr K Jones
Assistant Headteacher
