

ISM/TEM/Letters/Parents/Nut free school

10th June 2019

Etone College
www.etonecollege.co.uk

Dear Parents/Carers

FROM THIS POINT FORWARD, ETONE IS A NUT AND KIWI FREE SCHOOL

A newly admitted pupil has **a severe** form of anaphylaxis which means that the presence of any type of nut or nut product and kiwi fruit on school site could create a life threatening reaction.

We ask you to be aware of products which also contain nuts such as Nutella and Snickers and any pre-packed salads that may contain nuts or kiwi fruit and ensure that your child does not bring them onto school site either as a snack or in a lunch box.

The condition is so severe that the inhalation of the air in which someone else has consumed nuts or kiwi is enough to cause a reaction.

Over the coming week all pupils will be given this message during assemblies in order that they are fully aware of the food items which will now be prohibited.

We ask for your support in sharing the importance of this precaution with your child to ensure that the school remains a safe environment in which all of our pupils can learn.

If you have any questions please contact Mrs K Smith.

Yours faithfully

Mr I Smith
