18<sup>th</sup> March 2020

Dear Parents/Carers

In the event that the Government take the decision to close schools as part of their 'social distancing measures', I am writing to outline our provision to continue to support your child's learning from home. All pupils have been issued with school email accounts and class email distribution lists have been created.

To access their work and communicate with teachers, pupils should:

- Log onto the school website at [www.etonecollege.co.uk](http://www.etonecollege.co.uk)
- Click the "RM Unify" button. (top right corner of the school website)
- Enter their username and password (same as those used to log on in school)
- Click into Mail Microsoft Office 365

Pupils should use email in the usual way to receive work and communicate with their class teachers.

Staff have been asked to set tasks for their classes and upload any resources that pupils may need to complete these tasks. All instructions should be clear but if not, you and/or your child can simply email the teacher with a question for support and they will get back to you as soon as possible.

Details of work provided can be found in the attached pages along with information relating to online learning platforms used in school which your child/ren should be familiar with. There are also resources available on our website in the 'help your child revise' section.

Should your child experience any problems with logging on, report them to [it@etonecollege.co.uk](mailto:it@etonecollege.co.uk)

Year 11 and 13 pupils have been told that their upcoming examinations remain their single most important priority. They should already have revision guides, past papers, revision booklets etc. which they should be working through.

I am sure you will understand that the current situation is changing on a daily basis and we are keeping up to date with the guidance provided by the Government and the Department for Education. The guidance can be found at <https://www.gov.uk/government/publications/covid-19-guidance-on-social-distancing-and-for-vulnerable-people>.

It is hugely important at this difficult time that we work together to ensure that your child's education is not adversely affected by the current global situation. I trust that you will encourage and support your child/ren to complete all work to the best of their ability.

**In the event that the school is forced to close, parents/carers will be informed via text message as soon as possible.**

Thank you, once again, for your continued support at what is a difficult time for us all.

Yours faithfully

**Mr I Smith**
