March 2024

Dear Parent/Carer

We would like to congratulate Year 11 on completing their second series of mock examinations and to say how pleased we are with their conduct during these examinations.

Your child's Progress report and Mock results have been released via the SIMS Parent App for each subject, along with their expected grade, baseline grade together with information that explains each of these grades.

The next set of exams will be their GCSE's, with the early exams starting on the 16<sup>th</sup> April 2024 and the main body of the exams starting on the 6<sup>th</sup> May. Please see the exams section of our website <https://www.etonecollege.co.uk/exams/> for the full exam timetable.

**It is very important that pupils continue to work really hard between now and the next main examinations, complete all classwork and homework to the best of their ability and attend all intervention sessions.** More details will follow.

We have given pupils their mock grades today and shared some key messages with them. These key messages include the fact that these grades are just after the middle point of Year 11 and, with continued hard work and effort, should only improve. We have also reiterated the importance of attendance to all examinations, through preparation and revision as well as congratulating them on completing their second full set of papers.

We will be giving specific guidance to pupils about what they have done well and how to improve within subjects. There will also be follow on targets for some pupils which we will discuss with parents in due course. These may relate to attendance, effort or progress and Heads of House will be in touch in these cases to arrange a meeting.

If you have any queries regarding this report, please contact Mr Hodgson via [Postbox@etonecollege.co.uk](mailto:Postbox@etonecollege.co.uk).

Many thanks for all of your continued support.

Yours sincerely
